

IMPORTANT DATES AND INFORMATION FOR APARTMENT AND BUSINESS OWNERS

LOS ANGELES COUNTY PROPERTY TAX PORTAL

A website for all your property tax needs

lacountypropertytax.com

Information about property taxes from four property tax departments is now available at one website. Here is just some of the valuable information now available through the

PROPERTY TAX PORTAL:

Each year Business Property Statements (**BOE 571-L**), which provide a basis for determining property assessments for fixtures and equipment, are mailed by the Assessor to most commercial, industrial, and professional firms. Businesses and apartment owners with personal property and fixtures that cost \$100,000 or more, or if the Assessor requests a statement regardless of cost, must file a signed Business Property Statement each year by April 1st. If your property statement is post-marked after May 7th (if this date falls on a weekend or legal holiday, the property statement may be mailed and postmarked on the next business day), you will be subject to a late filing penalty. Business Personal Property includes all property except inventory items held for sale or lease and real estate owned and/or used by a business.

Generally, businesses with personal property and fixtures that cost less than \$100,000 are not required to file a Business Property Statement annually. Instead, a value is established based on an initial Business Property Statement filing or by an on-site appraisal. That value may be adjusted by subsequent-annual on-site appraisals performed by deputy appraisers beginning August through February.

The purpose of the on-site appraisals is to annually account (verify ownership and assess equipment and fixtures) for all business locations in Los Angeles County.
